

# 2024 Chipper Event

Sat-Sun, June 8-9th

The LRE Community Chipper Event was successful once again! Organized and conducted by the Wildfire Mitigation/Emergency Management Committee Co-chairs Gary Karner and Brent Leisure, the event attracted several volunteers in multiple shifts to help feed the chipper.

*See photos below.*

The Owner/Operator of the wood chipper was Kern Rucker of KBR (Chimney Sweeps, Tree Services and Snow Removal).

The project was funded through a combination of sources, to include grants from outside organizations (e.g., Wildfire Adapted Partnership), a \$30 charge-back to each participating property and LRE HOA allocated funding (if necessary).

### Shift 1 (Sat, 8am - Noon)
