

# Los Ranchitos HOA Tiered Water Schedule

Base Rate = \$15.00 per month

## Notes

1. To determine your total cost of water used per month, use Table 1 below.
2. First find the range of the volume of water used (left column).
3. Next, use the right column to calculate your cost. Each 1,000 gallons incurs the indicated cost, so you must do some addition.
4. Example: if your total water usage for the month is 7,235 gallons, you would find the range of 6,001 - 10,000 (left column) then add \$4.00 twice (once for 6,001 - 7,000 and again for 7,001 - 7,235) then add \$2.00 5 times (once for each of the 1,000 increments) and finally add the \$15.00 base rate. The total cost for this example is \$33.00.

**EASIER: Use Table 2 below! Find your range of water used in the left column and read your monthly cost in the far right column.**

TABLE 1

Water Used (gallons per month)	Cost (per 1,000 gallons used)
0 - 1,000	\$0.00
1,001 - 6,000	\$2.00
6,001 - 10,000	\$4.00
10,001 - 15,000	\$12.65
15,001 - 20,000	\$21.20
20,001 - 30,000	\$21.30
30,001 - 40,000	\$21.40
40,001 - 50,000	\$21.50
Over 50,000	\$21.60

**TABLE 2**

<b>Range of Water used (gallons)</b>	<b>Tiered Cost (not including Base Rate)</b>	<b>Total Cost (including \$15 Base Rate)</b>
0 - 1,000	0.00	15.00
1,001 - 2,000	2.00	17.00
2,001 - 3,000	4.00	19.00
3,001 - 4,000	6.00	21.00
4,001 - 5,000	8.00	23.00
5,001 - 6,000	10.00	25.00
6,001 - 7,000	14.00	29.00
7,001 - 8,000	18.00	33.00
8,001 - 9,000	22.00	37.00
9,001 - 10,000	26.00	41.00
10,001 - 11,000	38.65	53.65
11,001 - 12,000	51.30	66.30
12,001 - 13,000	63.95	78.95
13,001 - 14,000	76.60	91.60
14,001 - 15,000	89.25	104.25
15,001 - 16,000	110.45	125.45
16,001 - 17,000	131.65	146.65
17,001 - 18,000	152.85	167.85
18,001 - 19,000	174.05	189.05
19,001 - 20,000	195.25	210.25
20,001 - 21,000	216.55	231.55
21,001 - 22,000	237.85	252.85
22,001 - 23,000	259.15	274.15
23,001 - 24,000	280.45	295.45
24,001 - 25,000	301.75	316.75
